# Interventional Radiology

Careers at **Royal Inland Hospital** in **Kamloops**

## Shape the future of interventional radiology at Royal Inland Hospital.

Join a growing interventional radiology service at the forefront of image-guided care, offering a broad and evolving vascular and interventional practice supported by comprehensive diagnostic imaging and a highly collaborative hospital environment.

We proudly offer **diverse career opportunities, competitive compensation, relocation allowance**, and **flexible practice options** that support those pursuing special interests.

## Live your best life in the southern interior of *beautiful* British Columbia.

Set against a stunning backdrop of canyons, grasslands, and evergreen forests, [Kamloops](#) is a vibrant city of 100,000 known for its welcoming community and exceptional lifestyle. Enjoy big-city amenities, a lively arts and events scene, and unparalleled access to outdoor adventure, with stunning lakes, mountain biking trails, world-class golf courses, and alpine skiing at Sun Peaks Resort just 45 minutes away.

With 300 days of sunshine and endless opportunities to live, play, and connect, Kamloops is an ideal place to build your life and career.

## An Exciting Future Ahead

Royal Inland Hospital is entering an exciting period of growth, with **renovations planned for the interventional radiology suite** along with **construction of a new cancer centre**. This is a unique opportunity to help shape expanding interventional radiology services and contribute to the evolution of advanced, patient-centred care for the Thompson Cariboo Shuswap region.
