# WELCOME TO PRINCE GEORGE, BC!

## Your next adventure awaits

Prince George is located on the traditional territory of the Lheidli T'enneh First Nation and is known as British Columbia's "Northern Capital". It has all of the amenities of a larger city mixed with the charm and friendliness of a smaller town.

With a population of approximately 90,000 people, Prince George is the centre of business, education, health, and culture for Northern British Columbia. Local industries are construction, forestry, natural resources, manufacturing, and tourism. Prince George is also home to the main campuses for the College of New Caledonia and University of Northern BC.

## About the role

Northern Health is currently recruiting for a diagnostic and interventional radiologist in Prince George, BC. Join a robust team of six radiologists, technicians, and support staff at the University Hospital of Northern BC (UHNBC) to support our growing practice. Prospective radiologists should be comfortable with general radiology, including fluoroscopy, ultrasound, CT, and MRI, as well as basic image guided interventional procedures. UHNBC is the largest acute care facility in the Northern Health region and a hub for specialized health services. Radiology services at UHNBC include the breast imaging centre with tomosynthesis mammography, ultrasound, MRI (1.5 Tesla Siemens upgrade 2017), CT scanners (multi detector/multi slice/dual energy), nuclear medicine, and interventional radiology. [Learn more about this opportunity and the hospital on our website.](#)

## COMPENSATION

**Estimated annual compensation: \$920,326+**

|                             |            |
|-----------------------------|------------|
| Estimated fee for service   | \$800,000+ |
| Retention premium           | 12.6%      |
| Retention flat fee (annual) | \$19,526   |
